We can't enforce federal laws. We are a County agency that enforces Florida laws. I do care, though. That is why I am advising you to go to the Department of Justice. They look into federal civil rights violations.

That was a little hard to understand, but if your main complaint is a violation of your civil rights, contact The Department of Justice.

Bylaws per Florida Law is a contract and torts to Religious Contracts are criminal when you and HCSO threaten and hold me from telling the members the facts! Facts your gang don't like because it revealed their acts of theft and unjust enrichment by frauds! If your Howlett and Jeffers and assisted by Grants frauds did not do the impeding since 1994 the church was firing Beck and Nasworthy in 10/1994 and would not be damaged by years of threats and lost civil rights which violations of Civil Rights is a crimes per your own judges and County Commissions and Legislature!

Randall,

A church buying property against the wishes of someone isn't a crime. Everything you complain about isn't illegal. You keep referencing judicial rulings. If they are ruling on these cases, why do you keep trying to get me to look into this matter?

Detective John: The ruling of Judge Crenshaw on May 10, 2006 and September 6, 2006 is against HCSO with what Sgt. Joe Howlett started in 1994 and includes his and your and "others" continuing actions.

Randall,

First things first, I haven't agreed with you that anything occurred. Secondly, obstruction of church bylaws is not a violation of any Florida State Statutes. Third, you should actually look up how extortion is defined per Florida law (F.S.S. 836.05). You not seeing your adult children does not constitute extortion. Nobody at this office is obstructing any of your "legal actions".

John in 1998 and since the questions of the missing money \$43000+ was given to HCSO Howlett and HCSO Fraud Detective Smoak and both violated the BYLAWS and HCSO policies even as you agreed making me stand as arrested or as Smoak and Howlett did use their HCSO cars to detain me and pull me over! All this to not allow me to see the FBCCP and CPCS books which as still a member it is my right to do and prohibiting me since 1994 is ongoing Obstruction of the BYLAWS  
So no expiration of the Statute of Limitations has run because the continuation of the same crimes are ongoing!

The judges rulings were in my favor and HCSO was guilty by Howlett ETAL!  
2. Not telling me how to find my kids continues the HCSO Et Al crimes Howlett and Smoak started, faked and still are ongoing extortion. Case law and Facts supports my legal positions!

I will not drop exposing the crimes and the co-conspirators who abducted and still scare my kids!

The case file in Orlando still includes HCSO still obstructing my legal claims and rights for those whom I speak!

Mr. Townsend,

In response to your demands for justice, I have reviewed the evidence you have listed on your website. I saw the document listing \$43,685.37 alleged theft from the payroll fund. In the

event that the money was stolen and not actually paid to employees (as it was for payroll), it occurred in 1998. I didn't see anything else that appeared to be a crime. You have stated your children were kidnapped. While we all have times when we don't agree with the rulings made by courts, we have to live with those judgments or appeal the rulings. The statute of limitations for second degree felonies per F.S.S 775.15(1) (b) states that prosecution must be commenced within three (3) years of the crime being committed. It appears that any crimes you are alleging are going to be well outside of the statute of limitations.

You appear to be accusing me of stalling this investigation. What you fail to realize is that while I have been
