Mr. Townsend, your most recent threatening letter, rambling as it is, has been received by me. More than three years ago I asked you to leave me alone and not broadcast disparaging comments against me on the Internet. I believe that you were visited by local authorities who also told you to leave me alone. For three years you have left me alone, but now you have reappeared. In case you have forgotten, I am once again reminding you of what I said in my last communication to you:

From: "John Grant"

Cc: "David Gee", "Mark Ober" "John Grant "

Mr. Townsend - Once again you are threatening me and harassing me. I told you that I have nothing to do with Citrus Park Church and have not for years. I have told you to leave me alone and you have continued to harass me. So, once again, I am asking local law enforcement to respond as they see fit.

Please govern yourself accordingly. You need to be either locked up in jail or in an institution for the protection of both yourself and the general public.

John
