

Mr. Townsend: I have received the voicemail that you left on my cell phone. I consider it to be a threat and am therefore notifying the local law enforcement authorities so that they may take appropriate action as they see fit. You have left me numerous records and had me served with civil process in a matter in which I have no involvement. It would appear to me that you are either obsessed with damaging the reputation of others, bankrupting the Citrus Park Baptist Church or a mental case who should be Baker Acted. Please cease and desist any further action against me and do not connect my name with alleged criminal activity. Your web page and your actions are a disgrace. You have filed a civil action against me as a State Senator, a position I have not held since the year 2000 and also against a law firm which has never existed. You are demanding that I furnish you with records of the church in my capacity as the church's attorney, even though I have been retired from the practice of law for more than the past seven years. By copy of this to Sheriff David Gee, I am requesting that a report be filed in case you elect to continue such actions towards me and with the suggestion that the local authorities have you mentally evaluated.
